

The flip phone of your dreams

Give your smartphone a vacay

Nothing beats spending real time together. That’s what the HMD Barbie Phone is all about! No distracting apps here. The real magic happens with our friends and family, not on our screens.

The Barbie look is calling

This flip phone is chic, sleek and pink – and that’s just on the outside. Open it up and everything on the screen feels like it’s straight out of the Barbie DreamHouse™ – with a few hidden surprises for you to find.

Live your dream life

This may be the HMD Barbie Phone, but this is about your style, too! It comes with cute covers, each with a different design. Switch them up as often as you like, then make them your own with the included stickers and crystals. It’s even got a beaded lanyard for extra bling. We all have a unique little sparkle to show the world. So, show it! ✨
