FAQs & Troubleshooting

What do I need to set up Tablo?

To set up your Tablo, you'll need to download the Tablo app on a smartphone or tablet, as well as a Wi-Fi router with internet access. You'll also need a compatible streaming device or smart TV to watch Tablo on your TV. Learn more about that below.

I'm having trouble setting up my Tablo on Wi-Fi. What can I do?

Ensure your smartphone or tablet is connected to your home network, that you do not have a VPN enabled on your device or network, and that your internet connection is working. If you're still experiencing issues, try a different smartphone or tablet, and/or reboot your router and your Tablo, and try again. Visit tablotv.com/wifi for a how-to video, tips, and more.

After setup, how do I watch Tablo on my TV?

Download the dark blue Tablo app on each compatible smart TV or streaming device in your home. The app will find and connect to your Tablo automatically when on the same home network. Not able to find the Tablo app? Verify that your smart TV or streaming device is compatible at tablotv.com/devices. Television not compatible? A streaming stick is an easy and affordable way to make just about any TV work with Tablo.

TABLO™

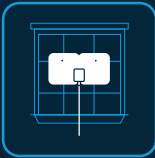

TV

Setting up your Tablo device in 4 easy steps.

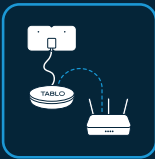

Download The Tablo App

Go to tabletv.com/install on your smartphone or tablet and download the Tablo app. Make sure to use the Tablo app with dark blue branding. Follow the setup steps within the app.

Position Your TV Antenna

Your TV antenna needs to face the direction of your local broadcast towers for optimal TV signal reception, ideally in a window free of obstructions.

Connect Your Tablo Device

Your Tablo needs to connect to your home network via Wi-Fi or Ethernet to distribute TV signals through your home through Tablo apps. Visit tabletv.com/wifi for a how-to video, tips, and more.

Enjoy Free TV!

Once you've completed setup and are able to play back live TV via the Tablo app on your smartphone or tablet, simply download the Tablo app on compatible smart TVs or streaming devices to enjoy Tablo on your big screen. Visit tabletv.com/devices for more details.
