

The background of the entire image is a close-up, top-down view of a mattress's internal structure, specifically the pocketed coils. The coils are arranged in a grid pattern and are a deep blue color. The lighting creates a sense of depth, with the tops of the coils appearing slightly brighter than the sides.

Beautyrest SILVER™

2017 Pocketed Coil® Technology Reference Guide

2017 Beautyrest® Silver™

**2017 Beautyrest® Silver™
with BackCare® Support**

2017 Beautyrest® Silver™ Hybrid

815 Density Pocketed Coil® Technology with Ventilated AirCool® BeautyEdge®

- 25 springs per square foot
- 93 feet of steel per square foot

- 8" Pocketed Coil® spring height with 1.5" precompression
- 45.25" wire length per coil
- Total feet of steel per Queen 2376

Wire Gauge

- Plush Coil / .068 / 15.5 gauge
- Firm Coil / .083 / 13.75 gauge

815 Density Pocketed Coil® Technology with Ventilated AirCool® BeautyEdge® and BackCare® Support

- 77 springs per square foot with BackCare® Support
- 162 feet of steel per square foot with BackCare® Support

- 8" Pocketed Coil® spring height with 1.5" precompression
- 45.25" wire length per coil
- 16" wire length BackCare® Support coil
- Total feet of steel per Queen 3000

Wire Gauge

- Plush Coil / .068 / 15.5 gauge
- Firm Coil / .083 / 13.75 gauge

1000 Density Pocketed Coil® Technology with Ventilated AirCool® BeautyEdge®

- 30 springs per square foot
- 114 feet of steel per square foot

- 8" Pocketed Coil® spring height with 1.5" precompression
- 45.5" wire length per coil
- Total Feet of steel per Queen 3003

Wire Gauge

- Plush Coil / .068 / 15.5 gauge
- Firm Coil / .083 / 13.75 gauge

Within the area of a torso board there are:

- 42 Pocketed Coil® springs
- 158 feet of steel wire

Within the area of a torso board there are:

- 42 Pocketed Coil® springs
- 89 BackCare® Support Coils
- 276 feet of steel wire

Within the area of a torso board there are:

- 51 Pocketed Coil® springs
- 194 feet of steel wire

Beautyrest BLACK®

2017 Pocketed Coil® Technology Reference Guide

2017 Beautyrest Black®

815 Density Variform Advanced Pocketed Coil™ Technology with Ventilated AirCool® BeautyEdge®

- 25 Variform Advanced Pocketed Coil™ Technology per square foot.
- Each Advanced Pocketed Coil™ is made up of three individual wires stranded together.
- 8" Variform Advanced Pocketed Coil™ height with 1.5" power packed precompression.
- 142" of wire strand in each Advanced Pocketed Coil™.
- Original Beautyrest® Pocketed Coil® Technology integrated with the Advanced Pocketed Coil™ Technology.
- Total feet of steel per Queen 4914

Wire Gauge

- Plush Coil / .074 15.5 gauge / .054 17 gauge
- Luxury Firm Coil / .086 13.5 gauge / .054 17 gauge
- Extra Firm Coil / .086 13.5 gauge / .063 16 gauge

2017 Beautyrest Black® with Micro Coil

1815 Density Variform Advanced Pocketed Coil™ Technology with Ventilated AirCool® BeautyEdge®

- 59 springs per square foot
- 264 feet of steel per square foot
- 1.5" Micro Pocketed Coil® height with 0.75 precompression
- Total feet of steel per Queen with Micro Coil 7142

Wire Gauge

- Micro Pocketed Coil® / .051 / 17 gauge

Within the area of a torso board there are:

- 42 Variform Advanced Pocketed Coil™ Technology
- 326 feet of steel wire

Within the area of a torso board there are:

- 101 Variform Advanced Pocketed Coil™ Technology
- 449 feet of steel wire
