When using electrical appliances, basic safety precautions should always be followed, including:
1. Read all instructions.
2. Do not touch hot surfaces. Use oven gloves when removing cover or handling hot containers.
3. To protect against electrical shock, do not immerse cord, plug or base unit in water or other liquid.
4. Close supervision is necessary when any appliance is used by or near children or infirm persons.
5. Unplug from outlet when not in use and before cleaning. Unplug before putting on or taking off parts, and allow to cool before cleaning.
6. Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner. Return appliance to the nearest service facility for examination, repair or adjustment.
7. The use of accessory attachments not recommended by the manufacturer as it may cause injuries.
8. Do not use outdoors.
9. Do not let cord hang over edge of table or counter, or touch hot surfaces.
10. Do not place on or near a hot gas or electric burner, or in a heated oven.
11. Extreme caution must be used when moving an appliance containing hot food, water, or other hot liquids.
12. Do not use appliance for other than intended use.
13. Do not use steel wool or any metallic scouring pad to clean the electrical pin terminals on either the appliance or cord set. Metal slivers can reduce electrical spacing and cause a shock hazard.
14. To reduce the risk of electrical shock, cook only in supplied removable container. Do not pour liquid into outer pan.
1. CAUTION: This appliance generates heat and escaping steam during use. Proper precaution must be taken to prevent the risk of burns, fires or other damage to persons or property.
2. All users of this appliance must read and understand this manual before operating or cleaning this appliance.
3. The cord to this appliance should be plugged into an 120V AC electrical outlet only.
4. When using this appliance, provide adequate space above and on all sides for air circulation. Do not allow this appliance to touch curtains, wall coverings, clothing, dish towels or other flammable materials during use.
5. Do not leave this appliance unattended during use.
6. This appliance generates steam. Do not operate uncovered.
7. If this appliance begins to malfunction during use, immediately unplug the cord. Do not use or attempt to repair the malfunctioning appliance. Do not use the inner pot if cracked or chipped.
8. Always unplug the appliance when not in use. Unplug by grasping the plug, never pull on the cord.
9. Do not use the “WARM” function to reheat cold rice or other foods.
10. Use the Automatic Multi Cooker on a hard, flat surface. Do not place it near a flame or heat or on a soft surface (such as carpet). Avoid placing it where it may tip over during use. Dropping the Automatic Multi Cooker could cause it to malfunction.
11. Avoid electric shock by unplugging the appliance before washing or adding water.
12. To avoid burns, stay clear of the steam vent during cooking. Also, wait for the appliance to cool down completely before touching or cleaning the glass lid, inner pot or heating plate.
13. Never use the inner pot on a gas or electric cook top or on an open flame.
14. Do not leave the plastic spoon or measuring cup in the inner pot while on and in use.

KNOW YOUR MINI MULTI COOKER

Product may vary slightly from illustration.

BEFORE FIRST USE

1. Carefully remove all packing material and stickers from the product.

2. Wash the inner pot, lid, spoon and measuring cup in hot, soapy water or in the dishwasher. Hand wash steamer in hot, soapy water. Do not use abrasive cleaners or metal scouring pads—they may scratch the nonstick surface or could result in poor contact with the heating plate.
OPERATING INSTRUCTIONS

INSTRUCTIONS FOR USE
COOKING RICE OR GRAINS

With the automatic Multi Cooker, you can cook any kind of rice or grain. Measure the amount of rice or grain that you would like to cook using the measuring cup provided. A measuring cup is included with this unit. Only measure rice or grains with this cup. NOTE: Make sure that the rice or grain is leveled when the cup is filled. The Multi Cooker has the capacity for 2 cups of dry ingredient.

1. Pour desired amount of rice or grain into a separate container. Wash and rinse until the rinse water is clear.
2. Take the inner pot out of the Multi Cooker.
3. Place the washed rice or grain into the inner pot and add appropriate amount of water.
4. Replace the inner pot back into the Automatic Multi Cooker.
5. Rotate the inner pot slightly to make sure that it is well seated on the heating plate.
6. NOTE: Make sure to always wipe down the outer surface of the inner pot. If the inner pot is wet when placed into the cooker, this may cause a cracking noise while the unit heats up. Keep the outer surface dry to prevent damage to the inner workings of the appliance.
7. Place the glass lid on top of the Multi Cooker.
8. CAUTION: Operate the Automatic Multi Cooker with caution if not closing the lid. Steam is generated during use.
9. Plug the Automatic Multi Cooker into a 120V AV outlet.
10. Press down the Power Switch and the “COOK” light will illuminate.
11. When the Automatic Multi Cooker is done cooking, the “WARM” light will illuminate. For best results, let the cooked rice or grain sit for 15 minutes before stirring or removing. This allows the steam to finish the cooking process.

KEEP WARM

1. When the cooking is completed, the Automatic Multi Cooker will automatically go into the “WARM” mode. At this time, the “WARM” light will illuminate.
2. NOTE: Do not warm rice or grain for more than 4 hours. It is recommended to consume the rice or grain within a four hour period.
3. If the “WARM” mode is not desired, simply unplug the Automatic Multi Cooker from the wall. Do not touch the Base Unit or Inner Pot until they cool completely.
4. Allow the Automatic Multi Cooker to cool completely before cleaning.
5. When the Automatic Multi Cooker is not being used, please keep it unplugged.

INSTRUCTIONS FOR USE

USING THE STEAMER BASKET
1. Clean and prepare your food or vegetables.
2. Place the INNER POT in the Multi Cooker. The length of steaming time is subject to your own personal tastes: depending if you prefer al dente (crunchy) or more well done steamed vegetables.
3. Add water to the “1” mark on the INNER POT.
4. Place the STEAMING BASKET on the rim of the INNER POT.
5. Add vegetables or food and put the LID onto the appliance.

Switch the Multi Cooker to “COOK” Mode by pressing the POWER SWITCH down. Make sure the COOK INDICATOR LIGHT is illuminated. Steaming will begin shortly. Allow food or vegetables to cook to your preferred level of doneness. Once appropriate time has expired, unplug the Multi Cooker. NOTE: The multi cooker doesn’t automatically turn to warm setting when steaming is done, watch time and manually stop cooking cycle.
6. Please unplug this appliance after use and allow the appliance to cool completely before cleaning.

USE YOUR STEAMING BASKET WHILE COOKING
1. Follow steps 1-6 under COOKING RICE AND GRAINS
2. Place the STEAMING BASKET on the rim of the INNER POT.
3. Add food to the STEAMING BASKET and put the LID on the appliance. Switch the Multi Cooker to “COOK” Mode by pressing the POWER SWITCH down. Make sure the COOK INDICATOR LIGHT is illuminated. Steaming will begin shortly. Allow vegetables to cook for the appropriate time to your required doneness. Rice/Grain cooking times can vary depending on the type being cooked and preferred texture. Adjust steaming time as desired.
4. Please unplug this appliance after use and allow the appliance to cool completely before cleaning.

The steaming times in this chart are a guide and should be adjusted to suit different quantities, thickness and your own tastes.

USER MAINTENANCE INSTRUCTIONS

This appliance should be cleaned after every use.

1. Unplug the Automatic Multi Cooker when not in use or before cleaning. Never immerse base unit in water or any other liquid. Allow the Automatic Multi Cooker to cool completely before cleaning.

2. Do not use abrasive cleaners, scouring pads, or steel wool to clean the Automatic Multi Cooker.

3. To clean the base unit, lightly wipe the exterior with a damp cloth or sponge. Do not immerse base unit into water or any liquid. Dry thoroughly with a soft cloth.

4. To clean the inner pot, remove from the multi cooker and fill with hot water from the tap. Let it sit for a while and then wash with hot, soapy water or place in the dishwasher, hand washing is preferred. Rinse thoroughly and dry.

5. The measuring cup and spoon can be washed in warm, soapy water or in the dishwasher, hand washing is preferred.

6. To clean the steamer, remove from the multi cooker then hand wash with hot, soapy water. Rinse thoroughly and dry.

7. Wipe down the inside of the lid, if necessary, with a clean, damp cloth or sponge.

8. Make sure that grains do not stick to the heating element in the bottom of the base unit. If this occurs, remove immediately. If grains are cooking onto the heating plate, a non-abrasive pad can be used to remove it. Polish the area for good contact between the heating plate and the bottom of the Inner Pot.

9. This appliance has no user serviceable parts. Do not attempt to repair this appliance yourself, as you could cause damage to yourself and to the appliance. Refer to qualified service personnel only.

10. This appliance is for household use only.

11. Do not use bleach, vinegar, or other harsh chemicals to clean the Automatic Multi Cooker.

LIMITED ONE-YEAR WARRANTY

Congratulations on your purchase of the Lorena Garcia Mini Multi Cooker and Steamer. This product is warranted to be free from defects in material and workmanship under normal use and service for a period of one year from the date of original purchase with receipt. The manufacturer’s obligation shall be limited to repairing or replacing, FOB N.Y., any part of the product that is defective. Such warranty shall not apply to damages resulting from accidents, abuse or misuse. This warranty is valid only for first quality goods purchased from an authorized selling agent of IDL. 11/15
