Helpful hints can be found online @ www.AromaCo.com.
Congratulations on your purchase of the Simply Ming by Aroma® Turbo Convection, 12-Cup Rice Cooker & Food Steamer! In no time at all, you’ll be making fantastic, tantalizingly delicious rice at the touch of a button. Whether long, medium or short grain, this cooker is specially calibrated to prepare a variety of rice, including tough-to-cook whole grain brown rice, to fluffy perfection.

Your new Simply Ming by Aroma® rice cooker is also ideal for convenient, one-pot meals for the whole family. Use the “Steam” function to prepare healthy meals by locking in the natural flavor and nutrients of food without added oil and fat— for meals that are as easy as they are nutritious. Or cook delicious and tender homemade roasts, stews and more with the “Slow Cook” function. Set it from 2 to 10 hours to easily prepare all of your family’s slow-cooked favorites. Aroma’s patented Sauté-Then-Simmer™ (STS™) is ideal for Spanish rice, risottos, pilafs, packaged meal helpers, stir frys and more. The “Soup” function is great for preparing savory stews and stocks. And the “Oatmeal” function does the trick when it comes to cooking hearty oatmeal and porridge. The “Cake” function is perfect for baking cakes and other sweet desserts with ease, eliminating the need to closely monitor “baking” so you have more time. Once your rice cooker is finished cooking your desired meal or dessert, it will automatically switch to its “Keep-Warm” setting, so there’s no need to worry about over-cooking.

This manual contains instructions for using your rice cooker and its convenient pre-programmed digital settings, as well as all of the accessories included. There are also helpful measurement charts for cooking rice and steaming. For helpful hints please visit us online at www.AromaCo.com.

**IMPORTANT SAFEGUARDS**

1. Important: Read all instructions carefully before first use.
2. Do not touch hot surfaces. Use the handles or knobs.
3. Use only on a level, dry and heat-resistant surface.
4. To protect against fire, electric shock and injury to persons, do not immerse cord, plug or the appliance in water or any other liquid. See instructions for cleaning.
5. Close supervision is necessary when the appliance is used by or near children.
6. Unplug from outlet when not in use and before cleaning. Allow unit to cool before putting on or taking off parts and before cleaning the appliance.
7. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner. Contact Aroma® customer service for examination, repair or adjustment.
8. The use of accessory attachments not recommended by Aroma® Housewares may result in fire, electrical shock or injury.
9. Do not use outdoors.
10. Do not let cord touch hot surfaces or hang over the edge of a counter or table.
11. Do not place on or near a hot gas or electric burner or in a heated oven.
12. Do not use the appliance for other than its intended use.
13. Extreme caution must be used when moving the appliance containing rice, hot oil or other liquids.
14. Do not touch, cover or obstruct the steam vent on the top of the rice cooker as it is extremely hot and may cause scalding.
15. Use only with a 120V AC power outlet.
17. The rice cooker should be operated on a separate electrical circuit from other operating appliances. If the electrical circuit is overloaded with other appliances, the appliance may not operate properly.
18. Always make sure the outside of the inner cooking pot is dry prior to use. If the inner pot is returned to the cooker when wet, it may damage or cause the product to malfunction.
19. Use extreme caution when opening the lid during or after cooking. Hot steam will escape and may cause burns.
20. Rice should not be left in the inner pot with the “Keep-Warm” function on for more than 12 hours.
21. To prevent damage or deformation, do not use the inner pot on a stovetop or burner.
22. To disconnect, turn any control to “OFF,” then remove the plug from the wall outlet.
23. To reduce the risk of electrical shock, cook only in the removable inner cooking pot provided.

Important safety precautions should always be followed when using electrical appliances, including the following:

1. Do not touch hot surfaces. Use the handles or knobs.
2. Use only on a level, dry and heat-resistant surface.
3. To protect against fire, electric shock and injury to persons, do not immerse cord, plug or the appliance in water or any other liquid. See instructions for cleaning.
4. Close supervision is necessary when the appliance is used by or near children.
5. Unplug from outlet when not in use and before cleaning. Allow unit to cool before putting on or taking off parts and before cleaning the appliance.
6. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner. Contact Aroma® customer service for examination, repair or adjustment.
7. The use of accessory attachments not recommended by Aroma® Housewares may result in fire, electrical shock or injury.
8. Do not use outdoors.
9. Do not let cord touch hot surfaces or hang over the edge of a counter or table.
10. Do not place on or near a hot gas or electric burner or in a heated oven.
11. Do not use the appliance for other than its intended use.

**IMPORTANT SAFEGUARDS**

1. A short power-supply cord is provided to reduce the risks resulting from becoming entangled in or tripping over a longer cord.
2. Longer extension cords are available and may be used if care is exercised with their use.
3. If a longer extension cord is used:
   a. The marked electrical rating of the extension cord should be at least as great as the electrical rating of the appliance.
   b. The longer cord should be arranged so that it will not drape over the counter top or tabletop where it can be pulled by children or tripped over unintentionally.

**DO NOT DRAPE CORD!**

**KEEP AWAY FROM CHILDREN!**

- **The SOUP function is great for preparing savory soups and delicious stews.**

**Polarized Plug**

This appliance has a polarized plug (one blade is wider than the other); follow the instructions below:

To reduce the risk of electrical shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or a similarly qualified person in order to avoid a hazard.

**THIS APPLIANCE IS FOR HOUSEHOLD USE ONLY.**
1. Read all instructions and important safeguards.
2. Remove all packaging materials and check that all items have been received in good condition.
3. Tear up all plastic bags and dispose of properly as they can pose a risk to children.
4. Wash steam vent and all other accessories in warm, soapy water. Rinse and dry thoroughly.
5. Remove the inner cooking pot from rice cooker and clean with warm, soapy water. Rinse and dry thoroughly before returning to cooker.
6. Wipe body clean with a damp cloth.

**NOTE**
- Do not use abrasive cleaners or scouring pads.
- Do not immerse the rice cooker base, cord or plug in water at any time.

---

TO COOK RICE

1. Using the provided measuring cup, add rice to the inner cooking pot.
2. Rinse rice to remove excess starch. Drain.
3. Fill with water to the line which matches the number of cups of rice being cooked. For example, if cooking two rice cooker cups of uncooked rice, water should be filled to line 2 in the inner pot.
4. Place the inner cooking pot into the rice cooker.

**HELPFUL HINTS**
- Before placing the inner cooking pot into the rice cooker, check that the cooking pot is dry and free of debris. Adding the inner cooking pot when wet may damage the rice cooker.
- If you misplace the measuring cup, a ¾ standard US cup is an exact replacement.
- To add more flavor to rice, try substituting a favorite meat/vegetable broth or stock. The ratio of broth/stock to rice will be the same as water to rice.
- For approximate rice cooking times and suggested rice/water ratios, see the “Rice/Water Measurement Table” on page 8.
5. Close the lid securely.

6. Connect the power cord to the rice cooker and plug into an available 120V AC outlet.

7. Press the START button to begin cooking the rice. The digital display will show a “chasing” pattern to indicate that it is cooking.

8. Once rice is finished, the rice cooker will beep and automatically switch to “Keep-Warm.” The digital display will show the number of hours the rice cooker has been on “Keep-Warm,” beginning with “0.”

9. Press the STAY button to begin cooking the rice. The digital display will show a “chasing” pattern to indicate that it is cooking.

10. The rice cooker will countdown the final 12 minutes of cook time.

11. For best results, stir the rice with the serving spatula to distribute any remaining moisture.

12. Once rice is finished, the rice cooker will beep and automatically switch to “Keep-Warm.” The digital display will show the number of hours the rice cooker has been on “Keep-Warm,” beginning with “0.”

13. When finished serving, turn the rice cooker off by pressing the POWER button twice.

14. Unplug the power cord from the power outlet.

NOTE
- Brown rice requires a longer cooking cycle than white rice due to the extra bran layers on the grain. If it appears the rice cooker is not immediately cooking, this is due to the low-heat soak cycle that precedes cooking to produce fluffier grains.

- Rice should not be left in the rice cooker on “Keep-Warm” for more than 12 hours.
### RICE/WATER MEASUREMENT TABLE

BROWN RICE: 68-73 Min.  
QUICK RICE: 28-33 Min. |
| Rice Cooker Cups* | Line 6 | 12 Rice Cooker Cups* | “WHITE” RICE: 45-50 Min.  
“BROWN” RICE: 69-75 Min.  
QUICK RICE: 30-35 Min. |

* Cups referenced are with the included rice cooker measuring cup. The measuring cup included adheres to rice cooker industry standards and is not equal to a standard U.S. measuring cup. The included measuring cup is equal to a standard ¾ US cup.

- Rinse rice before placing it into the inner pot to remove excess bran and starch. This will help reduce browning and sticking to the bottom of the pot.
- Use perfect broken rice without the wait. Use the “Delay Timer.” Simply add rice and water in the morning and set the “Delay Timer” to the number of hours when rice will be needed. See “To Use Delay Timer” on page 9 for instructions.
- This chart is only a general measuring guide. As there are many different kinds of rice available, rice/water measurements may vary.

#### TO USE THE DELAY TIMER

Follow steps 1 to 7 of “To Cook Rice” beginning on page 5.

1. Press the DELAY TIMER button. Use the + or – buttons to increase or decrease in 30 minute increments. It may be set 1 to 15 hours in advance.
2. Once the rice begins cooking, the digital display will show a “chasing” pattern.
3. Press the START button to set the delayed time. The digital display will show the amount of time remaining before rice begins cooking.
4. Once the needed time is selected, press the MENU button to cycle to the “White” or “Brown” function depending on the type of rice being cooked.

#### HINTS

- Due to the longer cooking time needed, the “Brown Rice” setting may only be delayed for 2 or more hours.
- The “Delay Timer” will only work with the “White” and “Brown” functions.
- If you misplace the measuring cup, a ¾ standard US cup is an exact replacement.
- To add more flavor to rice, try substituting a favorite meat or vegetable broth or stock. The ratio of broth/stock to rice will be the same as water to rice.
Once rice is finished, the rice cooker will beep and automatically switch to “Keep-Warm.” The digital display will show the number of hours the rice cooker has been on “Keep-Warm,” beginning with “0.”

For best results, stir the rice with the serving spatula to distribute any remaining moisture.

When finished serving rice, turn the rice cooker off by pressing the POWER button twice.

To slow cook:

1. Add food to be slow cooked to the inner cooking pot.
2. Place the inner cooking pot into the slow cooker.
3. Press the POWER button to turn the rice cooker on.
4. Close the lid securely.
5. Press the MENU button to cycle to the SLOW COOK function.
6. Plug the power cord into an available 120V AC outlet.

NOTE
• If too little water is added, the rice cooker will stop prematurely.
• Before placing the inner cooking pot into the rice cooker, check that the cooking pot is dry and free of debris. Adding the inner cooking pot when wet may damage the rice cooker.

Unplug the power cord from the power outlet.

NOTE
• If you misplace the measuring cup, a ¾ standard US cup is an exact replacement.
• Smaller foods may be placed on a heat-proof dish and then placed onto the steam tray. Parchment paper or aluminum foil may be used as well. Place the paper/foil in the center of the steam tray and ensure it does not create a seal along the bottom of the steam tray. For best results, it is recommended to puncture small holes in the paper/foil.
• For suggested steaming times and water amounts, see the meat and vegetable steaming tables on page 18.

NOTE
• Rice should not be left in the rice cooker on “Keep-Warm” for more than 12 hours.
• If you misplace the measuring cup, a ¾ standard US cup is an exact replacement.
• Smaller foods may be placed on a heat-proof dish and then placed onto the steam tray. Parchment paper or aluminum foil may be used as well. Place the paper/foil in the center of the steam tray and ensure it does not create a seal along the bottom of the steam tray. For best results, it is recommended to puncture small holes in the paper/foil.
• For suggested steaming times and water amounts, see the meat and vegetable steaming tables on page 18.
TO SLOW COOK (CONT.)

Use the + or – buttons to set the time. These buttons will adjust cooking time in one hour increments between 2 and 10 hours.

Press the START button to begin slow cooking at the selected time.

The rice cooker will begin to slow cook. The digital display will count down in one minute decrements from the selected time.

Once the selected time has passed, the rice cooker will beep and switch to “Keep-Warm” mode. The digital display will show the number of hours the rice cooker has been on “Keep-Warm,” beginning with “0.”

When finished serving, turn the rice cooker off by pressing the POWER button twice.

Open the lid to check food for doneness. If fully cooked, remove food for serving.

Unplug the power cord from the power outlet.

NOTE
• Do not leave food on “Keep-Warm” for more than 12 hours.

TO STEAM

Using the provided measuring cup, add 3 cups of water to the inner cooking pot.

Place the inner cooking pot into the rice cooker.

Plug the power cord into an available 120V AC outlet.

Press the POWER button to turn the rice cooker on.

Press the MENU button to cycle to the STEAM function. The digital display will show a flashing 5 to represent five minutes of steam time.

Close the lid securely.

Place the steam tray into the rice cooker.

Place food to be steamed onto the steam tray.
TO STEAM (CONT.)

Once the water reaches a boil, the digital display will count down in one minute decrements from the selected time.

Once the selected time has passed, the rice cooker will beep and switch to “Keep-Warm” mode. The digital display will show the number of hours the rice cooker has been on “Keep-Warm,” beginning with “0.”

Use the + or – buttons to set the time. These buttons will adjust cooking time in one minute increments between 5 and 30 minutes.

Press the START button to begin steaming at the selected time.

When finished serving, turn the rice cooker off by pressing the POWER button twice.

Unplug the power cord from the power outlet.

NOTE
• Do not attempt to cook more than 4 cups (uncooked) of rice if steaming and cooking rice simultaneously. The steam tray will not fit properly if more than 6 cups of rice are cooked.
• Food can be steamed at any time while rice cooks, however for best results food should be steamed toward the end of the rice cooking cycle. This will allow for rice and steamed food to be ready at the same time. See the “Rice/Water Measurement Table” on page 8 for approximate rice cooking times.
• Before placing the inner cooking pot into the rice cooker, check that the cooking pot is dry and free of debris. Adding the inner cooking pot when wet may damage the rice cooker.

HELPFUL HINTS
• Refer to the steaming tables for meats and vegetables on page 18 for hints and approximate steaming times.

TO STEAM FOOD & SIMULTANEOUSLY COOK RICE

To steam while cooking rice, begin cooking rice by following steps 1 to 9 of “To Cook Rice” on page 5.

Place food to be steamed onto the steam tray.

Using caution to avoid escaping steam, open the lid.

Place steam tray into the rice cooker.

Close the lid securely.

Once the selected time has passed, the rice cooker will beep and switch to “Keep-Warm” mode. The digital display will show the number of hours the rice cooker has been on “Keep-Warm,” beginning with “0.”

Use the + or – buttons to set the time. These buttons will adjust cooking time in one minute increments between 5 and 30 minutes.

Press the START button to begin steaming at the selected time.

When finished serving, turn the rice cooker off by pressing the POWER button twice.

Unplug the power cord from the power outlet.

CHECK steamed food for doneness. If finished steaming, carefully remove the steam tray. It will be hot. Use protective glove when removing to avoid burns.

Check steamed food for doneness. If finished steaming, carefully remove the steam tray. It will be hot. Use protective glove when removing to avoid burns.

When finished serving, turn the rice cooker off by pressing the POWER button twice.

Unplug the power cord from the power outlet.
Check steamed food for doneness. If finished steaming, remove food immediately to avoid overcooking. Use protective glove to prevent burns when handling.

Allow the rice cooker to continue cooking rice.

Once the selected time has passed, the rice cooker will beep and switch to "Keep-Warm" mode. The digital display will show the number of hours the rice cooker has been on "Keep-Warm," beginning with "0."

• Rice should not be left in the rice cooker on "Keep-Warm" for more than 12 hours.

NOTE

STEAMING TABLES

When steaming, Aroma® recommends using 2 cups of water with the provided measuring cup.

• Altitude, humidity and outside temperature will affect cooking times.
• These steaming charts are for reference only. Actual cooking times may vary.
TO USE SAUTÉ-THEN-SIMMER™

1. Place the inner cooking pot into the rice cooker.
2. Plug the power cord into an available 120V AC outlet.

NOTE
- Before placing the inner cooking pot into the rice cooker, check that the cooking pot is dry and free of debris. Adding the inner cooking pot when wet may damage the rice cooker.

TO USE SAUTÉ-THEN-SIMMER™ (CONT.)

3. Press the POWER button to turn on the rice cooker.
4. Press the MENU button to cycle to the Saute-then-Simmer™ function.

HELPFUL HINTS
- If sautéing only, after food has been sautéed/browned to the desired level, press the POWER/KEEP WARM button to switch the rice cooker to its “Keep-Warm” setting to keep sautéed food warm and fresh for serving.

5. Press the START button to begin sautéing. The digital display will show a “chasing” pattern to indicate that it is cooking. Using a long-handled wooden spoon, stir ingredients until sautéed/browned to the desired level.

6. Add ingredients to be sautéed/browned to the inner cooking pot.

CAUTION
- Do not use the provided serving spatula to sauté, it is not intended to be used in contact with high temperatures. Use a long-handled wooden or heat-safe spoon to stir food while sautéing.

7. Add other called for ingredients and liquid to the inner cooking pot.

8. Close the lid securely and allow the rice cooker to cook.

9. After a few minutes, the rice cooker will automatically switch to its “Simmer” mode. The rice cooker will countdown the final minutes of cook time starting at 15 minutes.

10. Once the meal has cooked, the rice cooker will beep and automatically switch over to “Keep-Warm.”

11. When finished serving, turn the rice cooker off by pressing the POWER button twice.

12. Unplug the power cord from the power outlet.
Add ingredients to the inner cooking pot.

Place the inner cooking pot into the rice cooker.

Close the lid securely.

Plug the power cord into an available 120V AC outlet.

Press the POWER button to turn the rice cooker on.

Press the MENU button to cycle to the "Soup" function.

Before placing the inner cooking pot into the rice cooker, check that the cooking pot is dry and free of debris. Adding the inner cooking pot when wet may damage the rice cooker.

The "Soup" function is also great for stews and chili.

Press the + or – buttons to set the time. These buttons will adjust cooking time in one hour increments between 2 and 8 hours.

Use the + or – buttons to set the time. These buttons will adjust cooking time in one hour increments between 2 and 8 hours.

Press the START button to begin cooking on the selected function.

The rice cooker will count down the cook time.

When finished serving, turn the rice cooker off by pressing the POWER button twice.

Unplug the power cord from the power outlet.

Once food is finished, the rice cooker will beep and automatically switch to its "Keep-Warm" setting. The digital display will show the number of hours the rice cooker has been on the "Keep-Warm" setting," beginning with "0."

Using caution to avoid escaping steam, open the lid and stir occasionally with a long-handled wooden spoon to assist with cooking.

Food should not be left in the rice cooker on "Keep-Warm" for more than 12 hours.

NOTE: Unplug the power cord from the power outlet.

NOTE: Food should not be left in the rice cooker on "Keep-Warm" for more than 12 hours.
TO USE THE OATMEAL FUNCTION

Follow packaging instructions for suggested oatmeal/water ratio, add oatmeal and water to the inner cooking pot.

Place the inner cooking pot into the rice cooker.

Close the lid securely.

Plug the power cord into an available 120V AC outlet.

Press the POWER button to turn the rice cooker on.

Press the MENU button to cycle to the “Oatmeal” function.

Press the START button to begin cooking on the selected function. The digital display will show a “chasing” pattern to indicate that it is cooking.

The rice cooker will countdown the final minutes of cook time starting at 12 minutes.

Once oatmeal is finished, the rice cooker will beep and automatically switch to its “Keep-Warm” setting. The digital display will show the number of hours the rice cooker has been on the “Keep-Warm” setting, beginning with “0.”

When finished serving, turn the rice cooker off by pressing the POWER button twice.

Unplug the power cord from the power outlet.

1. Before placing the inner cooking pot into the rice cooker, check that the cooking pot is dry and free of debris. Adding the inner cooking pot when wet may damage the rice cooker.

2. The “Oatmeal” function is also great for other types of porridge.

3. Oatmeal should not be left in the rice cooker on “Keep-Warm” for more than 12 hours.

4. Using caution to avoid escaping steam, open the lid and stir occasionally with a long-handled wooden spoon to assist with cooking.

5. Unplug the power cord from the power outlet.

HELPFUL HINTS

NOTE
TO USE THE CAKE FUNCTION

1. Follow instructions on cake mix packaging or recipe to mix liquid ingredients and cake mix. Add cake mix into the inner pot.

2. Place the inner cooking pot into the rice cooker.

3. Close the lid securely. Place the inner cooking pot into the rice cooker.

4. Plug the power cord into an available 120V AC wall outlet.

5. Press the POWER button to turn the rice cooker on.

6. Press the MENU button to cycle to the "Cake" function.

7. Press the START button to begin cooking on the selected function. The digital display will show a "chasing" pattern to indicate that it is cooking.

8. The rice cooker will countdown the final minutes of cook time starting at 10 minutes.

9. Once cake is finished, the rice cooker will beep and automatically switch to its "Keep-Warm" setting. The digital display will show the number of hours the rice cooker has been on the "Keep-Warm" setting, beginning with "0."

10. Remove the cake carefully by inverting the inner pot onto a flat dish or surface. Turn the rice cooker off by pressing the POWER button twice.

11. Cake should not be left in the rice cooker on "Keep-Warm" for more than 12 hours. Remove cake immediately for best results.

NOTE: Before placing the inner cooking pot into the rice cooker, check that the cooking pot is dry and free of debris. Adding the inner cooking pot when wet may damage the rice cooker.

HELPFUL HINTS:
- Check cake for doneness by placing a toothpick into the cake. If it comes out clean the cake is ready!

Unplug the power cord from the power outlet.

Unplug the power cord from the power outlet.
TO CLEAN

Remove the steam vent.

Remove the Inner Lid by pressing upwards on the tab buttons.

Remove the Convection Fan.

Hand wash the inner cooking pot and all accessories or wash them in the top rack of the dishwasher.

Wipe rice cooker body clean with a damp cloth.

Thoroughly dry rice cooker body and all accessories.

Reassemble for next use.

Rice is too dry/hard after cooking.

If your rice is dry or hard/chewy when the rice cooker switches to “Keep-Warm” mode, additional water and cooking time will soften the rice. Depending on how dry your rice is, add ½ to 1 cup of water and stir through. Close the lid and select the “White” function. When rice cooker switches to “Keep-Warm” mode, open the lid and stir the rice to check the consistency. Repeat as necessary until rice is soft and moist.

Rice is too moist/soggy after cooking.

If your rice is too moist or soggy when the rice cooker switches to “Keep-Warm” mode, use the serving spatula to stir the rice. This will redistribute the bottom (moistest) part of the rice as well as release excess moisture. Close the lid and allow to remain on “Keep-Warm” mode for 10-30 minutes as needed, opening the lid and stirring periodically to release excess moisture.

The bottom layer of rice is browned/caramelized.

The bottom layer of cooked rice may become slightly browned and/or caramelized during cooking. To reduce browning, rice should be rinsed before cooking to remove any excess starch. Stirring rice once it switches to “Keep-Warm” will also help to reduce browning/caramelizing.

NOTE

• Do not use harsh abrasive cleaners, scouring pads or products that are not considered safe to use on non-stick coatings.

• If washing in the dishwasher, a slight discoloration to the inner pot and accessories may occur. This is cosmetic only and will not affect performance.

• Make sure unit is turned off and unplugged before cleaning.
Rum Cake

Prepare ½ box of cake batter according to directions, but replace half of the water amount asked for with rum. Since using half of the cake mix, the water/rum ratio should also be cut in half. Rinse the inner pot and coat with a cooking spray. Add the batter and set on cake mode. Wait for cake cycle to finish and remove carefully by inverting onto a wire rack.

For the glaze, set your rice cooker on Sauté-Then-Simmer™ (STS™) function and add water, butter, sugar and rum. Stir until sugar has dissolved and butter has melted. With a toothpick poke holes into the cake and pour the glaze on top, smoothing with a knife if needed.

Cake:
- ½ box yellow cake mix of your choice
- rum to substitute for water

Glaze:
- 3 cups heavy cream
- 3 cups shredded parmesan cheese
- ½ cup chopped Italian parsley
- salt and pepper

Ingredienets

Mushroom Risotto

Set the rice cooker to the Sauté-Then-Simmer™ (STS™) function and add olive oil, garlic, mushrooms and onion. Sauté until onions are soft for about 8 minutes. Add rice and stir. Add wine and cook until mostly absorbed by rice. Add the chicken stock and close the lid. Once the rice cooker beeps, add the cream, parmesan cheese, butter and parsley. Stir to combine and taste. Add salt and pepper if needed.

Ingredients:
- 2 tblsp olive oil
- 1 cup sliced mushrooms of your choice
- ½ cup Arborio rice
- 2 cloves garlic, crushed
- ½ cup white wine
- 1 cup chicken stock
- ½ cup heavy cream
- ½ cup grated parmesan cheese
- ¼ cup chopped Italian parsley
- salt and pepper

Breakfast Oatmeal

Set the rice cooker to its Sauté-Then-Simmer™ (STS™) function and add milk and sugar. Stir until milk is warm and sugar has dissolved. Add salt and oatmeal. Chase the lid and set to the “Oatmeal” function. Serve when oatmeal is finished cooking.

Ingredients:
- ¾ cup old-fashioned oatmeal
- 1½ cups milk
- ¼ cup brown sugar
- dash of salt

Chicken Noodle Soup

Add olive oil, onions and celery to the inner pot and place it inside the rice cooker. Select the Sauté-Then-Simmer™ (STS™) function and cook until fragrant or about ten minutes. Add chicken thighs and brown on both sides. Add the stock, carrots and herbs, then close the lid. Set to the “Soup” function and let cook. When the “Soup” function finishes, remove and shred the chicken with two forks and put it back in the soup. Serve with your favorite add-ons.

Ingredients:
- 2 lbs chicken thighs
- 1 yellow onion, cut into small quarters
- 10 celery stalks cut into bite-sized pieces
- 10 carrots cut into bite-sized rounds
- 8 cups chicken stock
- 2 tblsp olive oil
- 2 bay leaves
- 2 sprigs of thyme
- salt and pepper, for added taste
