JOY’S SUPER CHIC™
HANDHELD/STICK VACUUM CLEANER
WITH FOREVER FRAGRANT®

USER’S GUIDE

Model: WE-807-1000
AC120; 60HZ; 1000W
Parts/Product Components:

1. Metal Telescopic Handle
2. On/Off Switch
3. Dust Collector
4. Power Cord
5. Main Body
6. Filter
7. Floor Brush
8. Crevice Tool
9. Upholstery Brush
10. Hose
11. Cord Wrap
12. Dust Collector “Clean Out” Door
13. Locking Mechanism
14. Handle Release Button
15. Hand Vacuum Tube Extension
16. Handheld Stabilizer Bar
17. Forever Fragrant® discs (2)

IMPORTANT SAFEGUARDS

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER.

WARNING

TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK OR INJURY:

- Do not leave appliance when plugged in. Unplug from outlet when not in use and before servicing.
- Do not use outdoors or on wet surfaces
- Ensure the appliance is not too close to any heat emitting appliances or placed in direct sunlight for long periods of time.
- Do not allow to be used as a toy. Close attention is necessary when used near children and/or animals.
- Use only as described in this manual. Use only manufacturer’s recommended attachments.
• Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water; bring to a service center for repair.
• Do not pull or carry by cord. Do not use the cord as a handle. Do not close a door on cord or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
• Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
• Do not handle plug or appliance with wet hands.
• Do not put any object into openings.
• Do not use with any opening blocked. Keep free of dust, lint, hair and anything that may reduce air flow.
• Keep the filter clean so as to not reduce the airflow.
• Keep hair, loose clothing, fingers and all parts of body away from openings and moving parts.
• Turn off all controls before unplugging.
• Do not use to pick up flammable or combustible liquids such as gasoline or use in areas where they may be present.
• Check that the voltage indicated on the data plate corresponds with that of the local network before connecting the appliance to the main power supply.
• Do not immerse the appliance in water or any other liquids
• It is imperative to unplug the power cord after the appliance has been used, before it is cleaned and while being repaired.
• Close supervision is required when using this product near children.
• Repairs to electrical appliances should only be performed by a qualified electrician. Improper repairs may place user at serious risk.
• This appliance is intended for household use only and should not be used for industrial purposes.
• Do not operate this appliance with a damaged plug or cord, after a malfunction or after being dropped or damaged in any way.
• Do not use this appliance for anything other than its intended use.
• Do not use this appliance outdoors or on wet surfaces.
• Do not use this appliance with wet hands.
• The dust filter must be serviced and cleaned periodically.
• Do not pick up hard or sharp objects such as glass, nails, etc.
• Do not pick up hot coals, cigarette ends, or any hot, smoking or burning objects.
• Use extreme caution when using this appliance on the stairs.
• If the supply cord is damaged, it must be replaced by the manufacturer or service agent or similarly qualified person in order to avoid a hazard.
• This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or lack of experience and knowledge unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
• Children should be supervised to ensure that they do not play with the appliance.
• Do not use without filter in place.
• An appliance that is plugged into an outlet should not be left unattended while in operation.
• A short power supply cord is provided to reduce the risk resulting from becoming entangled in or tripping over a longer cord.
• Longer detachable power supply cords or extension cords can be used if care is exercised in their use. If a long, detachable power-supply cord or extension cord is used: 1) the marked electrical rating of the detachable power-supply cord or extension cord should be at least as great as the electrical rating of the appliance. 2) If the appliance is of the grounded type, the extension cord should be a grounding type 3-wire cord. And 3) the longer cord should be arranged so that it will not drape over the counter top or table top where it can be pulled on by children or tripped over.
• The marked electrical rating of an extension cord should be at least as great as the electrical rating of the appliance.
• This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of shock, this plug is intended to be plugged into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not attempt to modify the plug in any way.

SAVE THESE INSTRUCTIONS
INTENDED FOR HOUSEHOLD USE ONLY
**ASSEMBLY AND USE**

Joy’s Super Chic™ Handheld/Stick Vacuum Cleaner with Forever Fragrant® can be used as a handheld vacuum cleaner or as an upright stick vacuum.

Floor brush, hose, crevice tool and upholstery brush can be added by inserting the desired accessory into the intake of the vacuum cleaner. Simply insert the accessory in a straight line into the intake of the vacuum cleaner. To remove, pull out in a straight line.

**Stick Vacuum Use:**

1. The telescopic handle can be added to use the vacuum cleaner as a stick vacuum. Insert the telescopic handle into the hole located at the rear of the vacuum (Fig. 1) until you hear the “click” indicating the handle is fully in place. To remove the handle fully depress the handle release button at the back of the unit and pull the handle out of the hole, releasing the button once the handle is clear of the unit. (fig. 1)

![fig. 1](image1.png)

2. The telescopic handle can be extended for ease of use and personal preference. To adjust the length of the handle, push the locking mechanism down while gently pulling on the lower section of the tube until it reaches the desired length. The handle has a series of notches which will catch and hold the handle at the length chosen when the locking mechanism is released (fig. 2)

![fig. 2](image2.png)

3. To use the floor brush attachment, simply slide the floor brush attachment onto the intake of the vacuum located at the bottom of the dust collector. (fig. 3 & 4)

![fig. 3](image3.png)  ![fig. 4](image4.png)
4. Before use, ensure that you have unwound a sufficient length of the power cord then plug the vacuum into the main power supply. The vacuum has polarized plug that has one blade wider than the other. The plug is intended to be plugged into a polarized outlet only one way. If the plug does not fit into the plug then reverse the plug and try again. If it still does not fit, contact a qualified electrician to install the proper outlet. Once the vacuum is plugged in, turn the vacuum on by pressing the On/Off switch located on the main body of the vacuum. (Note: the “O” is the “Off” position and the “I” is the “On” position).

**Handheld Use:**

1. To use the vacuum as a handheld vacuum use without the telescopic handle. (fig. 5) (To remove the handle fully depress the handle release button at the back of the unit and pull the handle out of the hole, releasing the button once the handle is clear of the unit.

![fig. 5]

2. You can use the handheld vacuum with the floor brush (Great for stairs!) or with the extension hose, crevice tool, upholstery brush and extension tubes. (Great for upholstery, cars and hard to reach places). To use the nozzles; detach the floor brush and fit one of the extra nozzles into the intake of the vacuum cleaner or use the flex hose between the intake and the nozzle. (fig. 1-9)

Joy’s Super Chic™ vacuum cleaner is a powerful and efficient yet lightweight and portable vacuum cleaner. The powerful suction will remove small particles of dust and dirt from your carpets and upholstery. To prevent the unit from overheating and to maintain efficiency, the filter MUST BE cleaned regularly.

As a safety precaution the motor is designed to stop in the event of overheating. Please allow the unit to cool sufficiently before restarting. Main unit can be wiped with a damp cloth. Do not wash with water. Do not clean with alcohol or gasoline.

**FOREVER FRAGRANT® DISCS**

Joy’s Super Chic™ vacuum comes with Forever Fragrant® discs that fit into the vacuum to freshen the air as you vacuum!

To insert the Forever Fragrant® Discs:

1. Turn the vacuum off and disconnect the unit from the power outlet. Remove any of the accessories attached to the unit.
2. Separate the dust collector from the main body by turning the dust collector clockwise to the “unlock” position as indicated on the dust collector unit. Pull the main body apart from the dust collector.
3. Place one scented disc in the center of the filter holder and put the scent disc retainer over the disc to hold the disc in place. Turn the retainer ring so that it fits in a flat position and does not rise above the black washer. If it does not fit flat then you might have the retainer ring upside down.
4. Reattach the main unit to the dust collector by holding the dust collector unit upright and fitting the main body into the indents while lining up the arrow indicators on the dust collector and turning to the “lock” position as indicated on the dust collector.

**IMPORTANT CARE ADVICE**

Joy’s Super Chic™ Handheld/ Stick Vacuum Cleaner is a powerful and efficient yet lightweight and portable vacuum cleaner. The powerful suction will remove small particles of dust and dirt from your carpets and upholstery. To prevent the unit from overheating and to maintain efficiency, the filter MUST BE cleaned regularly.

How the thermal cut off works: If the dust bin is allowed to become too full this will cause the motor to overheat. There is a thermal cut off built into the motor that will shut the motor off when the motor temperature reaches 56°C (205°F) and the vacuum will shut off. If this occurs turn off the vacuum, empty the dust bin and wait about 25-30 minutes.
To Empty The Dust Collector:

- Turn the vacuum off and disconnect the unit from the power outlet and remove any of the accessories attached to the unit.
- Gently pull down on the clip on side of the dust collector. This will allow the “clean out” door to open and the contents to fall out.
- To close, simply push the access door closed until the latch snaps shut.

To Clean the Filter:

- Turn the vacuum off and disconnect the unit from the power outlet and remove any of the accessories attached to the unit.
- Separate the dust collector from the main body by turning the dust collector clockwise to the “unlock” position as indicated on the dust collector unit. Pull the main body apart from the dust collector.
- Before removing the filter, take out the Forever Fragrant® discs and retainer ring.
- Remove the air filter by pulling out of the dust collector unit.
- Regularly remove the filter and shake the loose dust from the filter surface and return to the dust collector and close.
- Regularly, remove the air filter and rinse well under cold, clean water and leave to air dry completely.
- Do not wash the filter in a washer machine.

NOTE: The air filter is permanently installed in the filter holder.
One Year Limited Warranty

Congratulations on your purchase of Joy’s Super Chic™ Vacuum Cleaner with Forever Fragrant®. This product is warranted to be free from defects in material and workmanship under normal use and service for a period of one year from the date of original purchase with receipt. The manufacturer’s obligation shall be limited to repairing or replacing, FOB, NY, any part of the product that is defective. Such warranty shall not apply to damages resulting from accidents, abuse or misuse. This warranty is valid only for first quality goods purchased from an authorized selling agent of IDL 3/16.
