IMPORTANT SAFEGUARDS

PLEASE READ AND SAVE THIS INSTRUCTION AND CARE MANUAL

When using electrical appliances, basic safety precautions should be followed, including:

- Read all instructions.
- Remove all bags and packaging from appliance before use.
- Wipe down and dry Iced Beverage Brewer before using for the first time.
- Use only water in this appliance except as directed in the Maintenance section of this manual.
- Prior to first-time use, run the Iced Beverage Brewer with just water – do not use any tea – and then pour it out. This will eliminate any odors or dust that may have collected in the Water Tank.
- For maintenance other than cleaning, please contact us directly at 1-800-898-6970 from 7AM – 7PM PST Monday – Friday or by email at support@storebound.com.
- To prevent the risk of fire, electric shock, or personal injury, do not place the cord, plug, or unit near water or other liquids.
- Always be sure to unplug the appliance from outlet prior to assembly, disassembly, and storage.
- Never leave appliance unattended when in use.

- Children should be supervised to ensure that they do not play with the appliance.
- Refrain from using attachments that are not recommended by the appliance manufacturer, as this may result in fire, electric shock, or personal injury.
- **WARNING: To avoid electric shock, do not overfill Water Tank.**
- Never immerse the Iced Beverage Brewer in water or any other liquid; instead, wipe the surface with a soft, damp cloth and properly clean Water Tank according to the Maintenance section of this manual.
- Do not use the appliance if any of the parts are damaged.

- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge unless they are provided with supervision and instruction concerning use of the appliance by a person responsible for their safety.
- Do not open the Brew Basket Lid while the device is in operation.
- To prevent personal injury, do not touch the surface of the Iced Beverage Brewer during or immediately following use. Allow appliance to cool after each use.
- Allow Iced Beverage Brewer to cool completely before moving, cleaning, or disassembling.
- Do not let the cord touch hot surfaces or hang over the edge of tables or counters.
- Do not place appliance on or near a hot gas burner, hot electric burner, or in a heated oven.
- When disposing of the Iced Beverage Brewer, do not discard with general household waste; instead, drop off at a designated electronic waste recycling facility.
- Do not touch hot surfaces. Use handles or knobs.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair or adjustment.
- Scalding may occur if the lid is removed during the brewing cycles.

- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair or adjustment.
- Scalding may occur if the lid is removed during the brewing cycles.

- Do not use appliance for other than intended use. Do not use appliance outdoors or for commercial purposes.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to “off,” then remove plug from wall outlet.
- StoreBound shall not accept liability for damages caused by improper use of the appliance.
- Improper use of the Iced Beverage Brewer can result in property damage or even in personal injury.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug will fit in a polarized outlet only one way. If the plug does not completely fit in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not modify the plug in any way.
- Extension cords are not recommended for use with this appliance. If an extension cord must be used, make sure the electrical rating of the wire is compatible with the Iced Beverage Brewer.
- Caution: Extremely hot liquid.

SAVE THESE INSTRUCTIONS
a) A short power-supply cord (or detachable power-supply cord) is to be provided to reduce risks resulting from becoming entangled in or tripping over a longer cord.

b) Longer detachable power-supply cords or extension cords are available and may be used if care is exercised in their use.

c) If a long detachable power-supply cord or extension cord is used:

1. The marked electrical rating of the detachable power-supply cord or extension cord should be at least as great as the electrical rating of the appliance;

2. If the appliance is of the grounded type, the extension cord should be a grounding type 3-wire cord; and

3. The longer cord should be arranged so that it will not drape over the counter top or table top where it can be pulled on by children or tripped over.
Before first use, remove all packaging materials and clean your Dash Iced Beverage Brewer thoroughly. To clean the appliance prior to first use, pour 24 oz. water into the Water Tank and fill the Pitcher with ice up to the Ice Level Line. Brew the water with no tea in the filter. Discard the water.

**WARNING:** The Iced Beverage Brewer is NOT dishwasher safe.

1. Place the Iced Beverage Brewer on a dry, stable surface.

2. Lift the Water Tank off the Base and fill with water. If the Water Tank is leaking water, discard the water and press the Water Tank Valve down gently. Then refill with water. Close the Water Tank Lid. Do not overfill the Water Tank.

3. Place the Water Tank back onto the Base by pressing down firmly, making sure that the notches in the side of the base connect with the two slots in the front of the Water Tank.

4. Open the Brew Basket Lid. If Removable Filter Basket and Filter are not in place, set the Removable Filter Basket in place and then set the filter on top. Place tea bags, loose leaf tea, or coffee grounds into the filter. Do not use more than 4 tbsp loose leaf tea or coffee. Close the Brew Basket Lid.

5. Adjust the Strength Control Dial to your desired brew strength. Sliding the Control to the left makes a weaker brew and to the right makes a stronger brew.

6. Fill the Pitcher with ice to the Ice Level Line. Place the Pitcher on the Base.

7. Plug the Iced Beverage Brewer into an outlet and press the Power Button. When the Iced Beverage Brewer is on and brewing, the Power Button will illuminate. The Iced Beverage Brewer will automatically turn off once all the water has been brewed. Wait 10-15 minutes before brewing another batch of iced tea.

8. Remove your iced tea and enjoy.

**Note:** Be very careful when opening the Brew Basket Lid after brewing as hot steam will escape from the chamber when opened. We recommend that you allow the appliance to cool before attempting to clean.
In order to keep your Dash Iced Beverage Brewer in pristine working order, follow the cleaning recommendations after each use.

**IMPORTANT NOTE:** Do not submerge the base of the Iced Beverage Brewer in water or any other liquids. To avoid damaging the appliance, never use abrasive or harsh cleaning products to clean the Iced Beverage Brewer surface.

1. Lift the Brew Basket Lid and remove the Filter. Discard tea.

2. Remove the Filter Basket and Water Tank. Wash all removable parts with warm, soapy water. Make sure to dry all parts before reassembling the Iced Beverage Brewer.

3. Wipe down the outside of the Iced Beverage Brewer with a clean, damp cloth and then dry.

Periodically, the Iced Beverage Brew should be de-scaled according to the instructions below.

1. Fill Water Tank with 12-24 oz. equal parts white vinegar and water. Close the Water Tank.

2. Open the Brew Basket Lid and set the Filter Basket and Filter in place. Close the Brew Basket Lid.

3. Put some ice in the Pitcher or fill the Pitcher with water to the Water Level Line and cover with the Lid. Place the Pitcher on the Base.

4. Press the Power Button and let the Iced Beverage Brewer brew all of the water.

5. Discard contents of the Pitcher and then fill with ice again. Wait 10-15 minutes.

6. Repeat the process with 24 oz. water. Repeat with water 2-3 times to remove any remaining vinegar from the Iced Beverage Brewer.

7. Clean according to maintenance instructions on page 10. Ensure all parts are dry before storing. Store in a clean, dry place away from direct sunlight and any heat sources.
While Dash products are durable, you may encounter one or more of the problems listed below. If the issue is either not resolved by the solutions recommended below or not included on this page, please contact our Customer Support Team at 1-800-898-6970 or support@storebound.com.

My iced tea (or coffee) is too weak or too strong.
- Adjust the Strength Control Dial to the left for a weaker brew or to the right for a stronger brew. You can also adjust the amount of tea or coffee that you are using in the filter to taste.

The tea or coffee is overflowing from the Brew Basket.
- If the Filter Basket is overflowing, turn off the Iced Beverage Brewer. Make sure that the hole at the bottom of the Filter Basket is not clogged. You may need to use less tea or coffee or descale your Iced Beverage Brewer. Do not place more than 4 tbsp of loose leaf tea or coffee grounds in the Filter.

The Iced Beverage Brewer will not let me brew a second batch.
- The Iced Beverage Brewer must cool down for 10-15 minutes between each cycle. If the Brewer is still not working after 15 minutes, unplug the Brewer and allow to cool for an additional 15 minutes before you try again.

My Iced Beverage Brewer won’t start brewing.
- Check to make sure the Iced Beverage Brewer is plugged into a power outlet.
- Check to make sure the power outlet is operating correctly.
- Determine if a power failure has occurred in your home, apartment, or building.
**Spicy Chai Tea**

**Ingredients:** 2-3 tbsp loose leaf black tea, 1” fresh ginger (peeled and sliced into rounds), 2 cinnamon sticks, 2 tsp black peppercorns, 10 whole cloves, 6 cardamom pods, 1 cup milk, ¼ cup brown sugar, ¼ cup water

**Directions:** Place ginger, cinnamon sticks, peppercorns, cloves, and cardamom in the bottom of the Filter and then add black tea. Fill the Pitcher with ice and then brew tea. Warm water slightly in the microwave and mix in brown sugar until dissolved. Pour brown sugar and milk over iced tea and stir.

**Ingredients:** 6 red Thai or black tea bags, 3 star anise, 3 whole cloves, 2 green cardamom pods, 2 tbsp sugar, ¼-½ cup sweetened condensed milk

**Directions:** Fill Pitcher with ice and place tea bags, star anise, cloves, and cardamom pods in the Filter. Brew. Add in sugar and sweetened condensed milk and stir.

SIMPLE SYRUP RECIPES

Simple syrups add lots of flavor to iced teas and can be mixed into just about any beverage recipe.

**Classic:** Heat 1 cup sugar and 1 cup water over medium heat, stirring until sugar has completely dissolved. Remove from heat and allow to cool.

**Mint:** Add 1 cup of crushed fresh mint leaves with 1 cup sugar and 1 cup water. Once sugar has dissolved, let mixture stand for about 30 minutes. Discard mint leaves and store until ready to use.

**Rosemary:** Bring 1 cup sugar, 1 cup water, and 4 sprigs of rosemary to a boil. Boil for 10-15 minutes, stirring frequently, and then remove from heat. Let cool. Discard rosemary and store.

**Lemon Basil:** Combine 1 cup sugar, 1 cup water, and 1 cup packed fresh basil leaves, 1 tbsp lemon zest, and 2 tbsp lemon juice and bring to a boil, stirring until sugar has dissolved. Cover and let mixture cool completely. Pour through a strainer or sieve to remove basil and lemon zest.

**Blackberry:** Bring 1 cup water, 1 cup sugar, and 1 cup fresh blackberries to a boil, stirring until sugar has dissolved. Simmer gently for 10 minutes. Remove from heat and smash blackberries. Allow to cool and then pour through a mesh strainer, using a spoon to push as much liquid through the strainer as possible.

**Mango:** Bring 1 cup water, 1 cup sugar, and 1 cup pureed fresh mango to a boil, stirring until sugar has dissolved. Simmer gently for 2-3 minutes. Let cool and then pour mixture through a sieve.

**Honey:** Heat ½ cup honey and ½ cup over medium heat, stirring just until the honey dissolves. Remove from heat and allow to cool.
